2.   Proposed Amendments to the Fairfax County Code, Chapter 68, Individual
       Sewage Disposal Facilities – Glen Smith, Environmental Health Division

3.   Other Business

BACKGROUND

Chapter 68

The Health Department is proposing to amend Chapter 68, Individual Sewage Disposal
Facilities of the Fairfax County Code. The current Chapter 68 ordinance was adopted in
January 1992. The proposed Chapter 68.1 takes into account new technology and
advancements within the field of onsite sewage disposal by incorporating, with specific
changes, the Commonwealth of Virginia, State Board of Health, Sewage Handling and

Disposal Regulations. Major proposed changes to the ordinance are intended to enhance protection for homeowners and the environment and to conform to the urbanized Fairfax County population and lifestyle. Many of the proposed amendments are presently being enforced through Agency procedural policies.

A public hearing on the changes to Fairfax County's Chapter 68 will be conducted at 4:00 PM during the Board of Supervisors Meeting on May 19th. A summary of the proposed amendments is included as Attachment 2. A complete version of the proposed code change may be viewed at the following internet address: http://fairfaxcounty.gov/service/hd/chapt68drft.htm

Health Care Town Meeting

"The Future of Health Care," the Health Care Town Meeting co-sponsored by the Health Care Advisory Board will begin at 7:00 PM on May 12th, immediately following the HCAB meeting. A copy of the announcement is included in your meeting package. All HCAB members are encouraged to attend as the HCAB is one of the three co-sponsors of this event.
